HALICZ CAPTURED BY THE RUSSIANS

Succeeded in Breaking One of the Most Important Lines on the Eastern Front

GERMANS ABANDONED THEIR MILITARY STORES

On the Western Front Along the Chemin des Dames the French Have Repulsed More Attacks by the Troops of the German Crown Prince-A Vigorous Artillery Duel is in Progress Between the British and Germans in Flanders.

ussians, says a despatch from Reuter's Petrograd correspondent.

Russia's armies have broken the Auhtro-German line in the Halicz-Stanislau sector, one of the most important on the castern front, and the Russian advance continues.

The Austro-German forces already have withdrawn beyond the Lomnica river about ten miles west of Jezupol, which was occupied Sunday by the Russians under General Korniloff. The Russians have taken four more villages and increased their captures of prisoners more than 1,000. Seven more field guns and other war material fell into Russian hands.

West of Stanislau towards Kalusz

West of Stanislau towards Kalusz and Dolina the Russians have pen-trated the Teutonic lines to a depth treated the Teutonic lines to a depth of nearly seven miles and between Stanislau and Halicz they have widened their wedge. In their retirement, apparently made hastily from the large amount of guhs and military riores captured by the Russians, the Austro-Germans failed to make a stand at two rivers, the lukovitza and the Luvka. It is probable they may nutrench on the west bunk of the tomnica.

A stand west of the Lomnica however, hardly and referenced the forced the river bank of the Lukva deminates the wooded eastern bank, but it is probable they were bank of the Lukva deminates the wooded eastern bank, but it is

ever, hardly in event the forced evacuation of leaster the strategic key Lemberg, as the Pussians are considered unlikely that the demoralization less than other miles of Hales and only one aremor of centrate sufficient troops to prevent a Russian passage of the river and a that between the Unlester and the continuance of the advance in the di-

ELIHU ROOT OPTIMISTIC ABOUT RUSSIA'S FUTURE Greatest Need Is Money and Adequate

Transportation Facilities.

Petrograd, July 10.—The America ommission headed by Elihu Root ha completed a month's survey of all the phases of the Russian situation and is confident in the belief that the nais confident in the belief that the nation will successfully emerge from its energetic pursuance of the wir.

The optimistic conclusions of the commission are not derived alone from consultations with the governmental needs, but are based more largely upon the spirit and determination of the people which has been encountered in public organizations, political and industrial councils and in all the delegations properly representative of the temper of the nation as a whole.

as a whole.

There is, however, no disposition on the part of the commission to minimthe part of the commission to minimize either the dangers threatened by the widespread German propaganda and pacificism agitation or the practical difficulties in the way of transportation and the reorganization of Russia' economic life. The question of the food supply is, in the opinion of the commission, the most important problem confronting the country. Mr. Root has made the following statement to The Associated Press:

"The mission has accomplished what it came here to do and we are greatly encouraged. We found no organic or incurable malady in the Russian democracy. Democracles are always in trouble and we have seen days just as as dark in the progress of our own. "We must remember that a people n whom all constructive effort has een suppressed for so long cannot negediately develop a genius for quick ction. The first stage is necessarily ne of debate. The solid, admirable

one of debate. The solid, admirable traits in the Russian character will pull the nation through the present crisis. Natural love of law and or-der and capacity for local self-govern-ment have been demonstrated every

day since the revolution.

The country's most serious lack is money and adequate transportation. We shall do what we can to help Russia out of both."

TO CURB CONTAGIOUS DISEASES IN STATE CAMPS.

There Have Been Two Deaths Among Troopers from Spinal Meningitis.

Harmford, Conn., July were taken today by state military and nealth authorities to curb the outbreak contagious diseases among soldiers it various camps in the state. Dr. deorge W. McCoy, director of the hydronic labor at Washington and a number of the United States public member of the United States punner the state of the United States punner the state of the United States punner to the decision of the decisions of the eros which the emperor held says the despatch. "Only createst stress are such

fore the Unanimous Consent Was Reached-Reed Criticized Hoover.

Washington, July 10.—A senate agreement to vote on President Wilson's food control bill on July 21, five weeks after its submission to congress as an urgent war measure, was follow was rather a perfunctory affair. Chief interest centered about an animated meeting of the main committee, during which Chancellor von Bethmann-Holiweg took the floor twice.

Wille the discussions were of a confidential nature, it is generally believed the four party coalition has not yet decided on the final draft of the resolution covering and the public are threatened with serious losses unless food control authority is given quickly to the federal government.

To Eliminate Drastic Features.

To Eliminate Drastic Features. Democratic senators secured the agreement for a vote only after they had consented to strip the bill of some of its more drastic features, including the stringent prohibition provisions. So far-reaching was the revision demanded, in fact, that all-day conferences of the democratic steering committee and the agriculture consents. mittee and the agriculture committee resulted in presentation of a substitute for the entire measure.

No Word from White House. There was no expression of opinion from the White House regarding the provisions of the substitute bill, but it is expected to be agreable to the president in the main. It follows generally the lines of the administration

Administration Wants Quick Action. Any plan which can be agreed upon quickly, provided it embodies the elementary principles of the administration program, is expected to have the White House support. The control bill now has been before the senate more than the more before the senate more than the mor than two weeks, and the food survey bill, another administration measure, has been held up in conference since early in June. Substitute Bill Under Consideration.

Since the whole legislative situation has been upset by the senate, leaders expressed doubt tonight whether action can be taken under any circumstances before Saturday of next week, the date set for the vote. The substitute bill, set for the vote. The substitute one, drawn by Chairman Gore of the agriculture committee, was taken up by the committee as soon as it was submitted and some progress made in its consideration. While the committee is continuing its work, the senate will continuing its work, the senate will

Senator Chamberlain, who has had charge of the bill, secured the agree-ment for a vote, stubbornly denied heretofore by the opposition, after he had given assurances of radical re-vision. Later he withdrew the motion flied yesterday proposing to invoke for the first time the senate cloture rule.

Many Amendments Offered. Many amendments were offered before the unanimous consent agreement was reached, including one by Senator Norris proposing that the liquor legis-lation should be permanent instead of operative only during the war.
